**Sara Paretsky**-Margaret Kinsman 2016-09-29 Reviews of the Series: "The McFarland Companion series...has been consistently excellent, both in its choice of subjects and its quality of scholarship and writing"--Mystery Scene. **A Heart at Fire's Center**-Steven C. Smith 2002-05-31 "An exceptional work. I stand in awe of anyone who can piece together the puzzle of a man's life so fully, especially a man as odd

and contradictory as Herrmann. A brilliant job."—Leonard Maltin "Bernard Herrmann was a master of psychology. His incredibly innovative music 'inhabited' the film it was in, creating moods that stayed with the audience long after the film was over. Steven Smith captures the very heart of what Herrmann represented. I highly recommend this book to anyone who truly wants a glimpse into the world of this musical giant who changed the very nature of film composing."—Esa-Pekka Salonen, music director, Los Angeles Philharmonic  
 "Fascinating. The scholarship is impeccable, the judgments sound, and the whole thing as compulsively readable as eating popcorn."—Nicholas Meyer, director and writer

**Operas in English**-Margaret Ross Griffel 2012-12-21 Although many opera dictionaries and encyclopedias are available, very few are devoted exclusively to operas in a single language. In this revised and expanded edition of *Operas in English: A Dictionary*, Margaret Ross Griffel brings up to date her original work on operas written specifically to an English text (including works both originally prepared in English, as well as English translations). Since its original publication in 1999, Griffel has added nearly 800 entries to the 4,300 from the original volume, covering the world of opera in the English language from 1634 through 2011. Listed alphabetically by letter, each opera entry includes alternative titles, if any; a full, descriptive title; the number of acts; the composer's name; the librettist's name, the original language of the libretto, and the original source of the text, with the source title; the date, place, and cast of the first performance; the date of composition, if it occurred substantially earlier than the premiere date; similar information for the first U.S. (including colonial) and British (i.e., in England, Scotland, or Wales) performances, where applicable; a brief plot summary; the main characters (names and vocal ranges, where known); some of the especially noteworthy numbers cited by name; comments on special musical problems, techniques, or other significant aspects; and other settings of the text, including non-English ones, and/or other operas involving the same story or characters (cross references are indicated by asterisks). Entries also include such information as first and critical editions of the score and libretto; a bibliography, ranging from scholarly studies to more informal journal articles and reviews; a discography; and information on video recordings. Griffel also includes four appendixes, a selective bibliography, and two indexes. The first appendix lists composers, their places and years of birth and death, and their operas included in the text as entries; the second does the same for librettists; the third records authors whose works inspired or were adapted for the librettos; and the fourth comprises a chronological listing of the A-Z entries, including as well as the date of first performance, the city of the premiere, the short title of the opera, and the composer. Griffel also include a main character index and an index of singers, conductors, producers, and other key figures.

maverick, Blitzstein constantly pushed the boundaries of convention in mid-century America in both his work and his life. Award-winning music historian Howard Pollack's new biography covers Blitzstein's life in full, from his childhood in Philadelphia to his violent death in Martinique at age 58. The author describes how this student of contemporary luminaries Nadia Boulanger and Arnold Schoenberg became swept up in the stormy political atmosphere of the 1920s and 1930s and throughout his career walked the fine line between his formal training and his populist principles. Indeed, Blitzstein developed a unique sound that drew on everything contemporary, from the high modernism of Stravinsky and Hindemith to jazz and Broadway show tunes. Pollack captures the astonishing breadth of Blitzstein's work--from provocative operas like *The Cradle Will Rock*, *No for an Answer*, and *Regina*, to the wartime *Airborne Symphony* composed during his years in service, to lesser known ballets, film scores, and stage works. A courageous artist, Blitzstein translated Bertolt Brecht and Kurt Weill's *The Threepenny Opera* during the heyday of McCarthyism and the red scare, and turned it into an off-Broadway sensation, its "Mack the Knife" becoming one of the era's biggest hits. Beautifully written, drawing on new interviews with friends and family of the composer, and making extensive use of new archival and secondary sources, Marc Blitzstein presents the most complete biography of this important American artist.

**The Girls from Winnetka**-Marcia Chellis 2010-05-17 Five women, who come of age in the Fifties, tell how and why their lives change decade after decade to the present. In the Fifties, as part of a group of high school friends, they are programmed to please, to be perfect, and to be virgins until marriage. The scripts for their lives are written. They will marry the June they graduate from college, have children, and live happily-ever-after on the North Shore of Chicago. Their parents do not urge them to prepare for a profession because they are expected to depend on a man for their identity and support. But "the girls" have other ideas. While many of their friends gladly follow traditional paths, these women adapt deeply ingrained standards to what is happening around them. They take flight from their predestined lives to lives of self-reliance and independence. And, along with the other women of their generation who hold similar visions, they leave a legacy of choices to the next generation of young women. After opening their hearts and revealing their secrets and life stories--which they describe as a powerful and rewarding experience--they encourage readers to journal about exceptional or significant moments in their lives.
