

Fleet Maintenance Manager Positions

Decision Making for Outsourcing and Privatization of Vehicle and Equipment Fleet Maintenance-John Wiegmann 2011-01-01 TRB's National Cooperative Highway Research Program (NCHRP) Report 692: Decision Making for Outsourcing and Privatization of Vehicle and Equipment Fleet Maintenance presents a framework for conducting systematic analysis and making decisions on outsourcing and privatization of vehicle and equipment fleet maintenance.

Fleet Management and Selection Systems for Highway Maintenance Equipment-David H. Fluharty 2000 This synthesis report will be of interest to Department of Transportation (DOT) administrators, supervisors, equipment, and Management Information System (MIS)/Information Technology (IT) managers and staff, as well as to the engineering and MIS/IT consultants that work for them. It reviews that state of the practice, updating an earlier effort, NCHRP Synthesis 52: Maintenance and Selection Systems for Highway Maintenance Equipment. The synthesis addresses highway fleet maintenance issues in management, equipment, staffing, and technology. It describes the trend toward more sophisticated and complex MISs and reports on DOT efforts to develop more systematic approaches to measure equipment effectiveness and to incorporate this quantitative technology, successfully, into daily operations. This TRB report profiles specific state agency experience in hiring and retaining mechanics, staffing levels, management system complexity, and technologies. Sample shop work load and productivity reports from the Montana DOT are included.

Certifying Your Owner Maintained Fleet Maintenance Program Class A-Steve Hampson 2008-04 The goal of this book is to help structure a Class A maintenance process based on planning, not reactive maintenance, which maximizes the efficiency of resources and provides significant savings. The 470-question checklist inside looks at every aspect of a maintenance program and asks in-depth questions about how each process is designed and executed. A point value is assigned to each answer and cumulative score earned. That score will identify strengths and weaknesses in your maintenance programs, as well as determine what areas are eligible for certification. Ideally, once your maintenance program is certified Class A, your people will spend most of their time managing the planning parameters and doing continuous improvement projects, rather than resolving near-term problems. The unique aspect of this book is there are no other in-depth audit and/or certification program for maintenance. This book is the first of its kind.

Chilton's Commercial Carrier Journal for Professional Fleet Managers- 1997

Blue Collar Fleet Management-Mark Lester 2017-08-07 Fleet management made simple, written around management of public fleet assets. Easy to read, simple easy to use formulas and concepts developed by author after a lifetime spent in equipment maintenance and fleet management. A must read for those seeking success in public sector fleet management.

Urban Transportation Abstracts- 1985

Real-Resumes for Firefighting Jobs-Anne McKinney 2004 When firefighters and emergency medical technicians prepare their resume and other materials needed to explore employment opportunities, they realize that they have a unique background. At last there is a resume book that shows firefighters how to best present their qualifications, credentials, licenses, experience, volunteer work, education and training, affiliations, and other information. Would-be firefighters as well as experienced firefighting professionals will find outstanding samples of resumes and cover letters that worked for real people in their field. A special section of the book shows firefighters how to apply for government jobs and how to write the specialized resumes needed to apply for federal employment. As part of that section on the federal hiring process, the book shows how to write KSAs (statements describing Knowledge, Skills, and Abilities). This is a highly specialized title for a highly specialized field and for the very special people in that field.

Treasury, Postal Service, and general government appropriations for fiscal year 1984-United States. Congress. House. Committee on Appropriations. Subcommittee on the Treasury, Postal Service, and General Government Appropriations 1983

Decisions and Orders of the National Labor Relations Board-United States. National Labor Relations Board 2005

Decision Making for Outsourcing and Privatization of Vehicle and Equipment Fleet Maintenance-Ashok Sundararajan 2011 TRB's National Cooperative Highway Research Program (NCHRP) Report 692: Decision Making for Outsourcing and Privatization of Vehicle and Equipment Fleet Maintenance presents a framework for conducting systematic analysis and making decisions on outsourcing and privatization of vehicle and equipment fleet maintenance.

Treasury, Postal Service, and General Government Appropriations for Fiscal Year 1984: United States Postal Service-United States. Congress. House. Committee on Appropriations. Subcommittee on the Treasury, Postal Service, and General Government Appropriations 1983

Real-resumes for Auto Industry Jobs---Anne McKinney 2003 Whether the reader wants to stay in the auto industry or transition into another field, this book will help. This book shows samples of resumes and cover letters than have worked for real people. This title will be a valuable resource to auto industry professionals who seek technical, management, or sales positions. Entering a new field can be difficult, so newcomers to the field will learn how to show off their potential and skills to best advantage. Auto industry professionals often change fields, too, and the book includes resumes of individuals who have successfully transitioned into other areas. A "bonus" of this book is that it includes samples of paperwork involved in getting federal government jobs: specialized resumes and the federal "resumix" as well as the write-ups for the Knowledge, Skills and Abilities (KSAs) which are often required for government positions. This book will show auto industry professionals how to maximize their career potential, get federal positions, and change fields if they want to. (The 26th title in PREP's Real-Resumes Series.)

OCR AS GCE Applied ICT Double Award-Maggie Banks 2005 Exactly what you need for the AS Level GCE Double Award in Applied ICT for OCR - this student book matches the specification and provides all information needed for the double award.

Federal Energy and Fleet Management-Susan A. Fleming 2009-11 The U.S. transportation sector relies almost exclusively on oil; as a result, it causes about a third of the nation's greenhouse gas emissions. Advanced technology vehicles powered by alternative fuels, such as electricity and ethanol, are one way to reduce oil consumption. The fed. gov't. set a goal for fed. agencies to use plug-in hybrid electric vehicles -- vehicles that run on both gasoline and batteries charged by connecting a plug into an electric power source -- as they become available at a reasonable cost. This report examined the: (1) potential benefits of plug-ins; (2) factors affecting the availability of plug-ins; and (3) challenges to incorporating plug-ins into the fed. fleet. Illustrations.

District of Columbia Appropriations for Fiscal Year 1978-United States. Congress. Senate. Committee on Appropriations. Subcommittee on District of Columbia 1977

Computerworld- 1976-01-19 For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers worldwide. Federal Motor Vehicles: Private and State Practices Can Improve Fleet Management- 1994

Training for On-board Bus Electronics- 2002 The purpose is to document training practices at a sampling of transit agencies concerning the application and repair of advanced on-board electronics so that key personnel have the knowledge needed to make informed decisions. The objectives of the synthesis were to examine the level of E/E training being provided by transit agencies to highlight innovative and effective training approaches and, based on findings from the conclusions, to provide agencies with the opportunity to improve their training programs. Because maintenance is an area that is often overlooked, this synthesis gives it the greatest focus.
